

Year 9 – Revision List

Assessment window 2: Monday 23 January – Friday 3 February 2017

In this assessment window you will take tests, under examination conditions, in your learning sessions. These tests will be used to work out a GCSE grade we anticipate you will get at the end of Year 11.

This will form a tracking report that goes home to your parents and carers. You will use the results from these tests to help inform which subjects you would like to choose at GCSE. **The Y9 parents' evening is combined with the guided choices evening on Thursday 9 March 2017**

To help you prepare for these tests, each subject has provided a revision list. You will take assessments in

- English
- Maths
- Science
- History
- Geography
- Religious Studies
- Technology
- ICT
- Spanish
- Business Studies

Each subject area will give you more revision material in session time as well as this revision list. There is also further help on the Academy website.

You will also have assessments ongoing in Performing Arts, PE and Art, but not necessarily under formal examination conditions.

How can you prepare for these assessments?

- Use your 40 minute daily tutor time wisely
- Revise up to three subjects an evening, for 30 minutes each
- Use 'Sam Learning' to revise important topic areas
- Get your friends/parents to test you
- Write revision notes and key terms
- Create a revision map for each subject area
- Use what you learned at your 'revision skills session' that you had in the theatre on 16th January.

Good Luck

Mrs C. Robson

Vice Principal

English

Topic/Skill	Activities/Websites that will help you 😊
To be able to identify and interpret information and ideas from a text and select appropriate evidence Q1 and Q2	Read and think about as many of the texts that you have been studying in your learning sessions
Explain, comment on and analyse how writers use language and structure to achieve effects. Use the correct terminology, eg adjectives Q3 and Q6	Complete the extended learning exercise given to you by your learning tutor Use BBC Bitesize English Language to help you practise analysing language and structure. Try looking at unseen poems to support your answer to Q6.
Compare texts and how writers convey ideas. Q4	Complete the extended learning exercise given to you by your learning tutor
Use technical vocabulary correctly	Revision activity on SAM Learning
Write with technical accuracy of syntax and punctuation in phrases, clauses and sentences	Revision activity on SAM Learning
Construct paragraphs and use cohesion within and between paragraphs	Revision Sheet on SAM Learning
Write to argue or persuade Q5	Use BBC bitesize to remind yourself about persuasive arguing.

Maths

During this test you will NOT be able to use calculator.

Happy Revising ☺

Science

1. Energy transfers
2. Reflection
3. Solar system
4. Plant and animal cells
5. Photosynthesis
6. Atoms, elements, compounds and mixtures
7. Simple chemical reactions
8. The Periodic Table
9. Solutions

History

Victorian murders

Slavery

WW1 propaganda posters

Early stages of WW2

The Industrial Revolution.

Religious Studies

Beliefs about God

Pilgrimage

People who changed the world e.g. Martin Luther King, Gandhi.

Using animals for food

Is it Right to Kill? – embryo research, conjoined twins, when does life begin, euthanasia, war.

Halal

Muslim Clothing

Islam and Sport

The challenges to being a Muslim in the 21st Century

The relationship between religion and science

Darwin

Geography

Geographical Skills

Africa

Weather and climate

China

Deserts

Coasts

National Parks

Natural Hazards

Rainforests

Technology

You are advised to you revise and practice answering questions about:

- Textile material and equipment
- Textile Dying
- Health and safety in textiles
- Food packaging
- Roles of food packaging
- Ergonomics
- Sustainability
- Designing packaging
- Packaging nets
