

## Year 9 – Revision List

Assessment Window 1: Monday 11 September – Friday 22 September

In this assessment window you will take tests, under examination conditions, in your learning sessions. These tests will be used to work out a grade you are working at now and what we anticipate you will get at the end of Year 11. This will form a tracking report that goes home to your parents and carers. You will use the results from these tests to help inform which subjects you would like to choose at GCSE.

To help you prepare for these tests, each subject has provided a revision list. You will take assessments in

- English
- Maths
- Science
- History
- Geography
- Religious Studies
- Technology
- Spanish

Each subject area will give you more revision material in session time as well as this revision list.

You will also have assessments ongoing in Performing Arts, Business Studies, PE and Art, but not necessarily under formal examination conditions.

### How can you prepare for these assessments?

- Use your 40 minute daily tutor time wisely
- Revise for three subjects an evening, for 30 minutes each
- Use 'sam learning' to revise important topic areas
- Get your friends/parents to test you
- Write revision notes and key terms
- Create a revision map for each subject area

Good Luck

Dr S D Beach

Assistant Principal

# English

Due to the nature of your Linear Assessments you will be tested on things that you might not have done in lessons for a while; this is to help you prepare for GCSE Examinations where you are tested in a similar way!

To help you revise please use the information below- and don't forget to speak to your Learning Tutor if you feel like you need some help!

Content	What marks are awarded for	Marks available
Q1: Students will have to read a focussed extract and select relevant information from the text	-One mark is awarded for each correct statement taken from the correct section of the text	4
Q2: Students will be asked to focus on an extract and will be asked a question around how language is used for effect. This is using the PEEL skill that students are very familiar with in lesson. The suggested timing for this question is around 20 minutes.	<ul style="list-style-type: none"> <li>-Making a point that answers the question</li> <li>-Providing quotations from the text to support and prove the point that you have made.</li> <li>-Explaining why that quote proves your point</li> <li>-Explaining the effect of that quotation on the reader using subject terminology, ie verb, simile, adjective</li> <li>-Where appropriate selecting individual words from the text and explaining the additional impact.</li> </ul>	8
Q3: Pupils will be asked to focus on the whole of the extract and will be asked a question about how the text is structured. The suggested timing for this question is about 20 minutes	<ul style="list-style-type: none"> <li>-Make a point that answers the question</li> <li>-Provide quotations from the text to support and prove the point that you have made</li> <li>-Explain the writer's intentions in structuring the text in this way</li> </ul>	8
Q4: Pupils will be asked to read a focused extract and will be asked a question about the characters in the text Students should allow 25 minutes to answer this question.	<ul style="list-style-type: none"> <li>-Comment on the characters and your impression of the characters</li> <li>-Provide quotations from the text to support the comments that you have made</li> <li>-Evaluate how the writer has created these impressions</li> </ul>	20
Q5: Students will be asked to complete a piece of descriptive writing based on either a photograph or a given scenario  Pupils should spent approximately 45 minutes on this question.	<ul style="list-style-type: none"> <li>-Communicate their ideas clearly, effectively and imaginatively</li> <li>-Adapt the correct tone, style and register               <ul style="list-style-type: none"> <li>- Use a range of vocabulary for effect</li> </ul> </li> <li>-Use a range of sentence structures effectively               <ul style="list-style-type: none"> <li>-Use accurate spelling</li> </ul> </li> <li>-Use a range of punctuation for effect</li> </ul>	24 Content 16 Technical Accuracy

# Mathematics

During this test you will be able to use calculator.

Topics	Resources
<ul style="list-style-type: none"><li>• Coordinates</li><li>• Quadrilaterals</li><li>• Probability</li><li>• Speed</li><li>• Angles</li><li>• Percentages of amounts</li><li>• Fractions of amounts</li><li>• Ratio</li><li>• Square numbers</li><li>• Prime numbers</li><li>• Factors</li><li>• Expanding Brackets</li><li>• Scale Drawings</li><li>• Sequences</li><li>• Averages and Ranges from a Table</li><li>• Surface Area</li><li>• Pythagoras' Theorem</li><li>• Changing the Subject</li></ul>	<p><u>Useful websites:</u></p> <p><a href="http://corbettmaths.com/">http://corbettmaths.com/</a></p> <p><a href="https://www.samlearning.com/">https://www.samlearning.com/</a></p> <p><a href="http://keshmaths.com/">http://keshmaths.com/</a></p> <p><a href="http://prethomework.weebly.com/">http://prethomework.weebly.com/</a></p> <p><u>School Shared Area:</u></p> <p><a href="W:\Mathematics\Maths Watch\Key Stage 3">W:\Mathematics\Maths Watch\Key Stage 3</a></p>

# Science

## Biology

- Carbon Cycle
- Nitrogen Cycle
- Nutrition/Digestion
- Classification
- Microorganisms
- Genetics and Evolution
- Respiration
- Plants

## Chemistry

- Heating curves
- Cooling curves
- Rates of reaction
- Reactivity series
- Alloys
- Rock cycle

## Physics

- Space
- Power/efficiency
- Thermal energy transfer
- Magnetism
- Motion
- Forces

## Geography

- Map skills
- Africa
- Weather and climate
- China
- Coasts
- Deserts
- Tectonic Hazards

## Spanish

**RESUMEN!** I can...

**1!**

- say what I like and don't like
- ask someone what they like / dislike
- react to what others say
