Unit title:	Mi Vida – my life		
Duration:	Two weeks		
Intent			
Intent Statement - at Landau Forte Amington, we believe learning powerful knowledge helps students achieve and creates a fairer society. How are you trying to accomplish this, with this unit/topic?			
This topic will focus on student recovery following the pandemic, which has resulted in students experiencing the following possible losses: routine, structure, friendship, opportunity and freedom. It will support students academically, socially and emotionally, in order to transition students back to Academy life and support with the issues resulting from loss.			
Aims - what do you want pupils to be able to know and do by the time they finish this unit/topic?			
<ul style="list-style-type: none">• understand grammar and apply it in different contexts.• communicate effectively in writing for a variety of purposes across a range of specified contexts.• manipulate the language using and adapting a variety of structures and vocabulary with increasing frequency• interact effectively in speech; initiate and develop conversations, ask and answer questions, respond to unexpected questions.• identify the overall message, key points, details and opinions in a variety of short and longer spoken or written passages.• deduce and infer meaning from a variety of spoken or written texts.• translate into and out of the target language.			
Academy values – at Landau Forte Amington, we want students to be ambitious, brave and kind. How are these values promoted in this PoS?			
The Spanish PoS develops not only self-determination and memory skills but also enables students to take risks therefore developing their confidence. As global citizens, they will learn to communicate effectively and have a deeper understanding of people from different backgrounds, the Spanish language and culture.			
Content – what is being covered, ensuring breadth & depth?		National Curriculum/Exam Specification - how does the content link to the NC or Exam Spec?	
Grammar, vocabulary and phonics		Pupils will gain systematic knowledge of the vocabulary, grammar, and sound and spelling systems (phonics) of their new language, and how these are used by speakers of the language. They will reinforce this knowledge with extensive planned practice and use it in order to build the skills needed for communication.	

Powerful Knowledge - what powerful knowledge is included in this SoW? Consider what knowledge is it important for our students to know, so that when they leave school they can engage in and lead discussions, with people from the most advantaged backgrounds?

Students are encouraged from an early stage to initiate and develop conversations, which enables them to use coping strategies to deal with unfamiliar language and unexpected responses. In addition, students read literary texts in Spanish [such as stories, songs, poems and letters] to stimulate ideas, develop creative expression and expand understanding of the language and culture. Phonics are embedded throughout the PoS and are crucial in developing student confidence when pronouncing from written text, writing down spoken language and speaking in the target language. This curriculum aims to build students confidence in Spanish and interest in Hispanic culture to encourage them to continue learning Spanish post-KS3 and to prepare them for KS4/GCSE-level study.
