

Year 7

Physical Education

Developed through a structured programme of activities.

Term 1

1

- Winter Baseline Assessments
- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 2

2

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 3

3

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 4

4

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 5

5

- Summer Baseline Assessments
- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

On to Year 8

Term 6

6

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Year 8

Physical Education

Developed through a structured programme of activities.

Term 1

- Winter Baseline Assessments
- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 2

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 3

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 4

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 5

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

On to Year 9

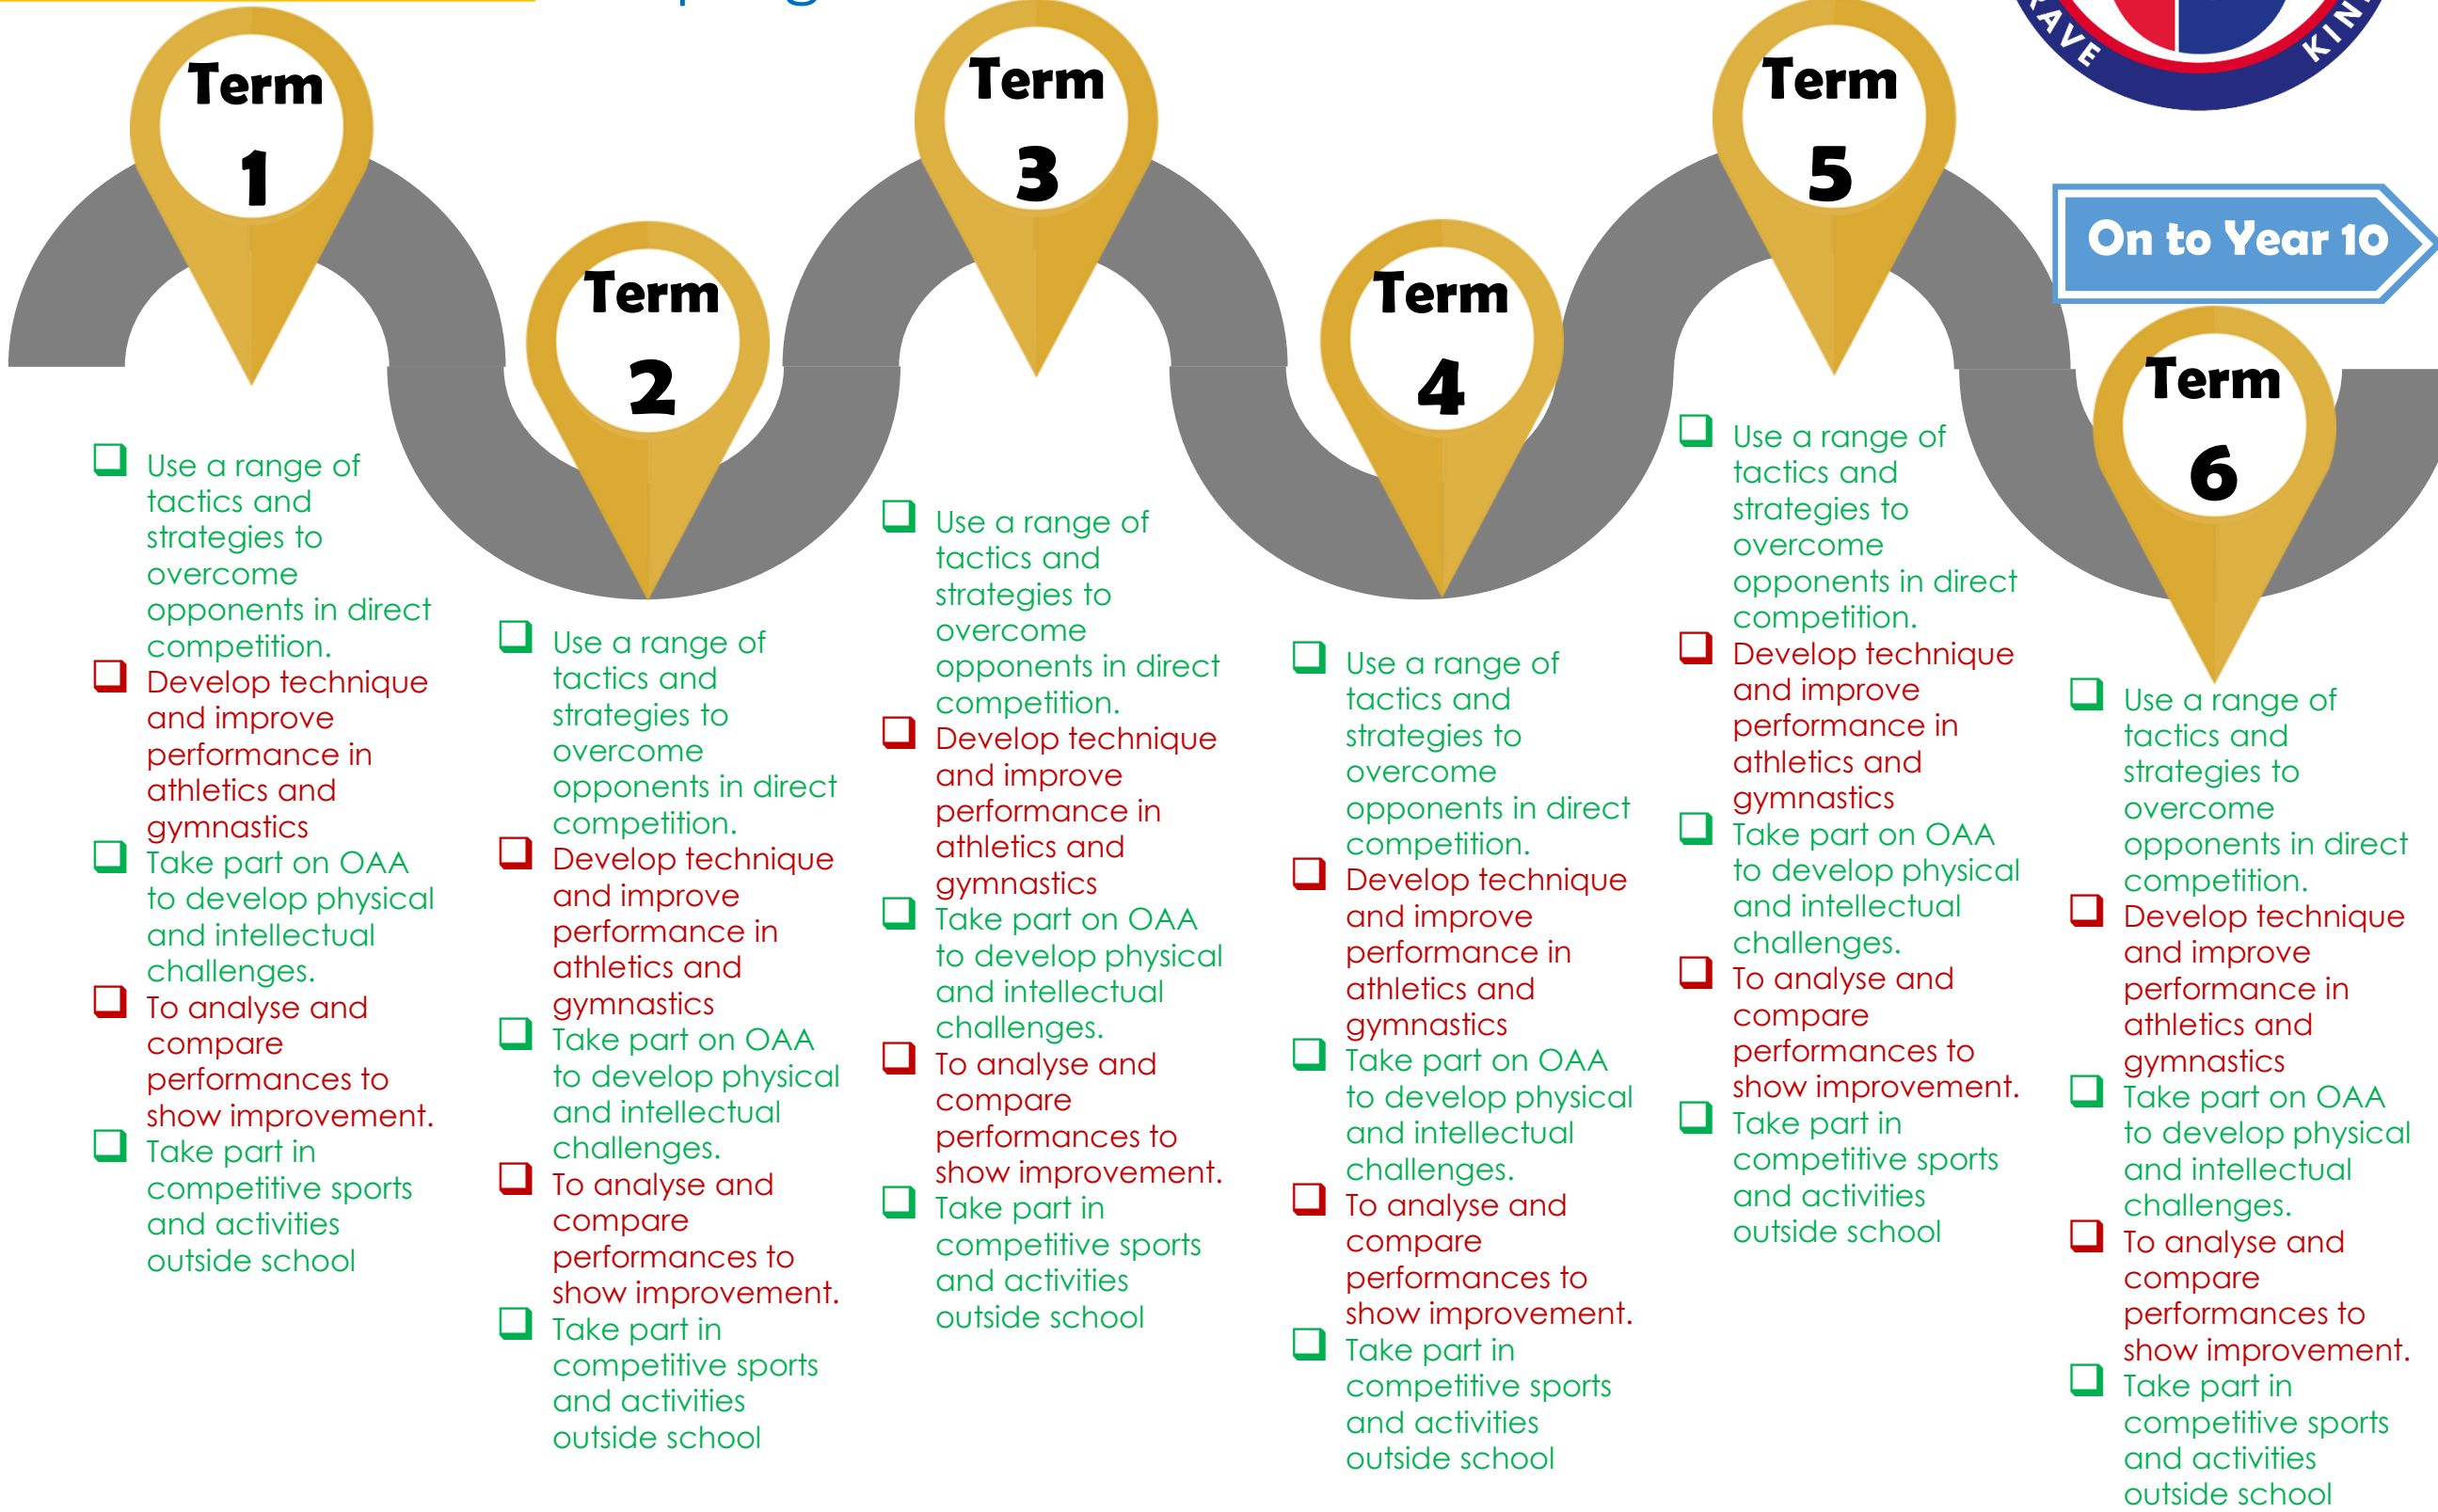

Term 6

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Year 9

Physical Education

Developed through a structured programme of activities.

Term 1

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 2

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 3

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 4

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Term 5

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

On to Year 10

Term 6

- Use a range of tactics and strategies to overcome opponents in direct competition.
- Develop technique and improve performance in athletics and gymnastics
- Take part on OAA to develop physical and intellectual challenges.
- To analyse and compare performances to show improvement.
- Take part in competitive sports and activities outside school

Year 10

Physical Education

Developed through a structured programme of activities.

Term 1

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 2

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 3

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 4

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 5

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

On to Year 11

Term 6

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Year 11

Physical Education

Developed through a programme of optional activities.

Term 1

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 2

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 3

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 4

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.

Term 5

- Develop a range of tactics and strategies to overcome opponents in direct competition
- Develop their technique and improve their performance in trampolining and athletics
- Take part in OAA which present intellectual and physical challenges and work in a team
- Analyse performance compared to previous ones to demonstrate improvement
- Take part in competitive sports and activities outside school.
