ACADEMY
AMINGTON

Policy Name	RSE (Relationships and Sex Education) Policy
Policy Number	AMN057
Date of Issue	July 2024
Author	D Hellyer
Reviewed by	D Hellyer
Date of next Review	September 2025

1. Introduction and Rationale

Landau Forte Academy Amington is dedicated to delivering a comprehensive and inclusive Relationships and Sex Education (RSE) programme. This policy ensures that students receive age-appropriate information to make informed decisions about their health, wellbeing, and relationships both online and offline. Our vision for RSE is based on respect, inclusivity, and empowerment, fostering equality, and promoting mental, emotional, and physical wellbeing.

2. Policy Aims

The aims of the RSE policy and RSE delivered through Character Education (PSHE) at Landau Forte Academy are to:

- Provide a framework for sensitive discussions.
- Enable students to acquire knowledge and understanding of RSE.
- Promote positive attitudes and values towards RSE and develop personal and social skills.
- Prepare students for puberty and understanding sexual development and hygiene.
- Help students develop self-respect, confidence, and empathy.
- Create a positive culture around issues of sexuality and relationships.
- Teach students the correct vocabulary to describe themselves and their bodies.

3. Definitions

Relationships Education: Focuses on building positive relationships with family members, friends, and peers, emphasizing respect, love, and care.

Sex Education: Concentrates on human reproduction, sexual health, and intimacy delivered appropriately for the students' age and maturity.

4. Curriculum Design and Overview

The RSE curriculum has been designed using PSHE Association's thematic framework, taking into account the three themes: Health and Wellbeing, Relationships and Sex Education. This thematic approach fosters a profound understanding of diverse issues impacting both personal lives and communities. The curriculum map provides more details about what we teach for each year group, including the long term plan (Appendix 1) and medium term plan (Appendix 2).

The RSE curriculum integrated within our PSHE education provision is inclusive, age-appropriate, and relevant. It covers:

- Emotional and physical development
- Healthy relationships and consent
- Online safety and digital literacy
- Sexual health and contraception
- Diversity and respect for different types of relationships

5. Curriculum Integration

RSE is integrated within the Character Education (PSHE) curriculum with biological aspects taught in the Science curriculum. Our staff undergo continuous professional development to ensure a unified approach to methodology and handling controversial topics.

6. Statutory Requirements

As a secondary academy school, we must provide RSE to all students as per section 34 of the Children and Social Work Act 2017. In teaching RSE, we are required by our funding agreements to have regard to guidance

issued by the Secretary of State as outlined in section 403 of the Education Act 1996. Since September 2020, all schools must provide an RSE curriculum for their students.

7. Parental Engagement

Parents and carers are informed about the RSE policy through:

- Regular updates via the school website and newsletters.
- Consultation meetings and feedback opportunities.
- Access to RSE lesson materials upon request.
- Workshops and information sessions to understand the RSE content and its delivery.

Parents' Right to Withdraw: Parents may withdraw their child from non-statutory sex education (excluding the National Curriculum for Science) up to three terms before the child's 16th birthday. Requests must be submitted in writing using the form in Appendix 3 of this policy and addressed to the Principal. The school will then discuss the request with the parents, place a copy of the withdrawal request in the student's educational record, and provide alternative work for the withdrawn student. There is no right to withdraw from Relationships Education at the secondary level.

8. Implementation and Delivery (See appendix 1 and 2)

RSE is delivered to mixed-gender groups with provisions made for SEND students. Teaching is differentiated and personalized, reflecting the context of family life without stigmatizing different family structures.

Landau Forte Academy Amington is committed to providing RSE that is age-appropriate and suitable for all students regardless of their ability, gender, sexual orientation, or cultural, ethnic, or religious background. The curriculum is designed to incorporate diverse viewpoints and is periodically reviewed using specific metrics to ensure cultural relevance and sensitivity.

To further enhance our instructional strategies, we have adopted resources from 'The Talk.' 'The Talk' provides an innovative approach to PSHE education, simplifying the learning process for students. Their resources are designed to equip students with essential life skills while comprehensively addressing all statutory PSHE topics. By incorporating expertise from various fields, 'The Talk' ensures that students receive a well-rounded PSHE education. This standardized approach guarantees consistent quality in PSHE instruction throughout our institution.

Inclusion of LGBTQ+ Perspectives: We explicitly integrate LGBTQ+ viewpoints and offer regular cultural awareness training for our staff. We engage with the local community for guidance to ensure the curriculum is inclusive and respectful of all cultural and religious perspectives.

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar. The personal development department will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

9. Assessment and Evaluation

The effectiveness of the RSE program is reviewed through regular evaluations of all units of work using both qualitative and quantitative methods, including surveys, focus groups, and academic assessments. Class teachers monitor students' development in RSE as part of our internal assessment systems and through formative and summative multiple-choice question assessments.

The delivery of RSE is monitored by the RSE Lead through learning walks, lesson observations, and student surveys to ascertain the level of knowledge and understanding the students have gained. Students' development in RSE is monitored by class teachers as part of our internal assessment systems. The policy is reviewed annually by the RSE Lead.

10. Roles and Responsibilities

The Governing Body approves the RSE policy and holds the Principal accountable for its implementation.

The Principal ensures consistent RSE teaching across the school.

Staff responsibilities include:

- Delivering PSHE sensitively and effectively.

- Modelling positive attitudes.
- Monitoring student progress and responding to individual needs.

Regarding student engagement:

- Students are expected to fully engage in RSE Education lessons and treat peers with respect and sensitivity.

Administratively:

- The Associate Assistant Principal for Personal Development (Lindsay Amos) oversees delivery of PSHE.
- The Head of PSHE (David Hellyer) coordinates the policy, curriculum and teacher training.
- Teaching staff implement the curriculum sensitively and effectively, supported by ongoing professional development.

11. Confidentiality and Safe Practice

We ensure a safe, supportive, and safeguarding-focused learning environment for RSE. This includes maintaining confidentiality and sensitivity when handling safeguarding issues, ensuring that students feel safe and supported.

Robust Safeguarding Measures:

- Ensure all staff are trained in safeguarding protocols and understand how to identify and respond to signs of abuse or neglect.
- Create clear reporting procedures for any safeguarding concerns raised by students or observed by staff during RSE lessons.
- Establishing clear and inclusive ground rules collaboratively with students and regularly reviewing them.

Effective Distancing Techniques:

- Employ case studies, role-playing, and third-person scenarios to discuss sensitive issues while protecting students' emotional safety.
- Facilitate anonymous questioning through multiple avenues like a question box or online platforms.

12. Links with Other Policies

This policy takes into account the Relationships Education, Relationships and Sex Education (RSE), and Health Education Guidance document published by the DFE, the Academy's Child Protection and Safeguarding Policy, and the Equal Opportunities Policy.

13. Consultation and Review

This policy was developed in consultation with staff, students, parents, and stakeholders involving:

- Review of relevant national and local guidance.
- Consultation with staff, stakeholders, and students.
- Ratification by the governing body.

The policy will be reviewed annually by the PSHE/RSE Lead.

14. Adaptability for Future Planning

Our approach aims to deliver an RSE program that respects and celebrates the cultural and religious diversity of our school community. We regularly gather and act on feedback from students and adjust the curriculum and teaching strategies based on this feedback to ensure the RSE program remains relevant and effective.

15) Policy Intended Audience

This policy is intended for the entire Landau Forte Academy Amington community, including students, parents, staff, visiting professionals and stakeholders, ensuring that everyone is informed and engaged with the RSE programme.

Appendix 1: Long term overview of a thematic approach to RSE (Delivered through Character Education)

	Autumn 1 Health & wellbeing	Spring 3 Relationships	Spring 4 Health & wellbeing	Summer 5 Relationships
Year 7	Transition and safety Transition to secondary school and personal safety in and outside school, including first aid	Diversity Diversity, prejudice, and bullying	Health and puberty Healthy routines, influences on health, puberty, unwanted contact, and FGM	Building relationships Self-worth, romance and friendships (including online) and relationship boundaries
Year 8	Drugs and alcohol Alcohol and drug misuse and pressures relating to drug use	Discrimination Discrimination in all its forms, including: racism, religious discrimination, disability, discrimination, sexism, homophobia, biphobia and transphobia	Emotional wellbeing Mental health and emotional wellbeing, including body image and coping strategies	Identity and relationships Gender identity, sexual orientation, consent, 'sexting', and an introduction to contraception
Year 9	Peer influence, substance use and gangs Healthy and unhealthy friendships, assertiveness, substance misuse, and gang exploitation	Respectful relationships Families and parenting, healthy relationships, conflict resolution, and relationship changes	Healthy lifestyle Diet, exercise, lifestyle balance and healthy choices, and first aid	Intimate relationships Relationships and sex education including consent, contraception, the risks of STIs, and attitudes to pornography
